Knowledge into policy: Going beyond “Context matters”

Webinar #4: A conceptual framework / Management and processes

Are you a policymaker, a researcher, a capacity building expert or a donor interested in better understanding how context affects the interaction between knowledge and policy?

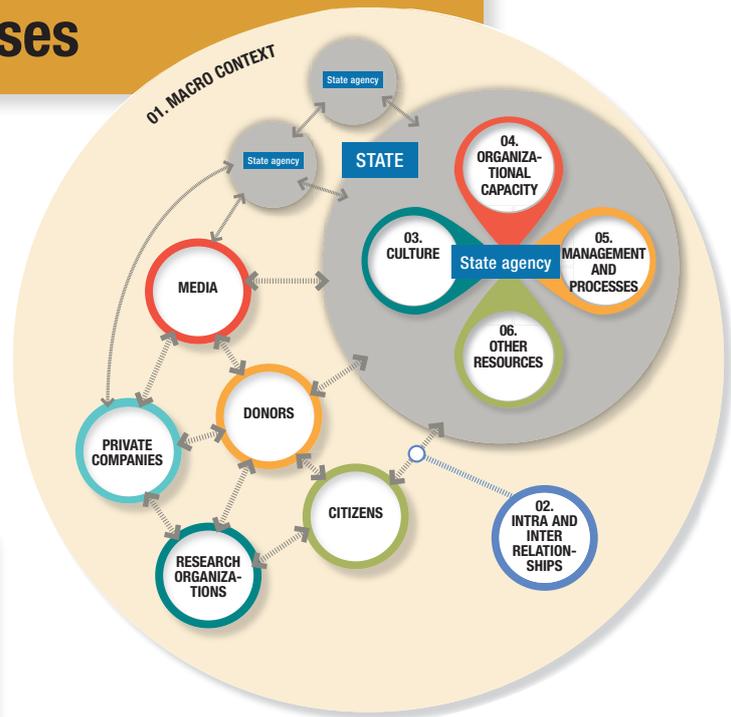

Join the fourth webinar of our free series where we will explore in depth the six main dimensions of context (for a sneak peek navigate [our interactive product](#)) and discuss how we can concretely incorporate them into our interventions and work.

Dimension	Month
Macro-context	October
Other resources	November
Culture	December
Organizational management and processes	January
Organizational capacity	February
Intra and inter relationships with State and non-State agents	March

* Kindly note that this preliminary schedule can suffer minor changes.

In our fourth webinar we will jointly explore Dimension #5: Management and Processes, which refers to how each governmental institution organizes its work to achieve its mission and goals, from planning to evaluation. What are the main processes related to the production and use of research in policy? What have others learned that we can build upon to strengthen current management practices?

This is a 1.15 hour webinar that will center on these important questions. **Join us on January 17th, at 1 PM GMT.** If interested, **send an email** to contact@politicsandideas.org with your name, organization and if you plan to attend Webinar #4 or the whole series. We look forward to an enriching debate and exchange!

Webinar #4: Management and processes/Speakers

Vanesa Weyrauch is the co-founder of Politics & Ideas and Director of the On Think Tanks School, Argentina. She has worked in the policy and research field for the past 15 years, especially with think tanks and policymakers in Latin America.

Louise Shaxson is a Senior Research Fellow at the Overseas Development Institute (ODI). For the past 13 years she has focused on how to implement an evidence-informed approach to policy inside government departments.

Mapula Tshangela is the Senior Policy Advisor at the National Department of Environmental Affairs (DEA) in South Africa. She manages policy and research interface through implementation of the national strategy for sustainable development, and the environment sector research, development and evidence framework.
